

PACELINE[®]
ADVANCED MEDICAL SOLUTIONS

Prosthetic Sock

Volume Management Tool

The Paceline[®] Prosthetic Sock is a superior volume management tool that can be custom branded with your company logo.

optional custom branding

The Paceline[®] Prosthetic Sock is designed to be lightweight and soft. It is available in two lengths, and in three different plys to help manage volume loss.

The Paceline[®] prosthetic sock is available through one of your preferred distributors.

Prosthetic Sock

Volume Management Tool

The Paceline® Prosthetic Sock was designed for a wide range of patients, and has the following features:

- Less SKU's so less inventory
- Will not unravel if cut from the proximal end
- No added thickness at the distal end
- Optional branding with company logo
- With or without distal hole
- Labeled and color coded on top & bottom for easy identification

Available in two lengths (short & long), three widths (narrow, regular & wide) and three plys (1, 3 & 5 Ply).

Machine wash, tumble dry. No bleach.

1, 3 & 5 Ply
