PACELINE®

Tensitube® Blue

Post-Op Shrinker

Tensitube® Blue is an elastic shrinker that applies controlled compression to help provide pain relief and reduce hypertrophic scarring and edema.

- Promote Your Practice with Customized Branding
- Easily Applied
- Controlled Compression
- Reduces Edema
- Accelerates Prosthetic Fit

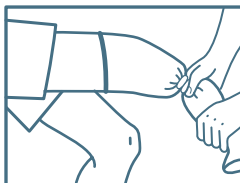

A complete product line is available with sizes ranging from 2"-6" widths in 18", 24" and 30" lengths.

Available in White, Beige and Silver Anti-Microbial versions. Contains 92% polyester, 8% spandex with or without silver.

INSTRUCTIONS FOR USE

Pull the Shrinker over the residual limb.

Position the ring snugly against the distal end.

Pull the second layer over the first until reaching a point of desired maximum compression.

(Low minimum orders)
